Attn:

I am aware that this is not a conventional way to make a contact but is as a matter of exigency.

I am **Barrister. Ramos Carlos** of **MELITO ABOGADOS & ASOCIADOS**

I got your contact information while searching public records for someone with a similar surname to my late client's- **Engr. Johannes** . He was an expatriate engineer who worked with the **Mining and Smelting Company (Asturiana de Zinc S.A.)** in Spain for thirteen years. He died with his wife and family during the Tsunami disaster on December 27, 2004.

Prior to his death, he deposited a **consignment** containing a huge sum of money (**in the tune of Eight Million, Seven Hundred Thousand U.S Dollars**) with a security company here in Spain. For security reasons, we did not disclose the contents of this diplomatic consignment to the security company. The company has now mandated me-as his personal legal- solicitor to present a family member\beneficiary to make a claim on this consignment before it is confiscated.

Searching for my late client's relatives has proven very difficult as he did not declare any other person, partner or relatives other than his wife as 'next of kin' in the official documents of his consignment deposit.

Against this backdrop and since you both share the same surname, I would appeal to you, as a foreigner, to stand in as the next of kin to **Engr. Johannes** , so that this diplomatic consignment can be released. With my position as his lawyer, I can place your name as his next of kin. I will prepare the relevant documents that will assist the claim and facilitate the release of this consignment. I guarantee that it will be executed under strict legitimate arrangements. Everything has been worked out carefully to complete this transaction successfully. Once this diplomatic consignment is released, you will be duly compensated (amount subject to my negotiations with you) I implore you to respond as soon as possible so this transaction can be completed, or that I may search for another partner. For details and clarification, you may reply via my private email address, call me, or you can leave a private number where I can reach you.

Best Regards
Barr. Ramos Carlos ESQ.
